HARDIK GUPTA

Software Developer | Python Developer | AI/ML Enthusiast
+91 7398791470 | ghardik880@gmail.com | LinkedIn | GitHub

Summary

Motivated MCA student at Pondicherry University with a strong foundation in Python, Data Structures Algorithms, and Web Development. Passionate about building secure, scalable software solutions and AI-driven applications while continuously enhancing problem-solving and software engineering skills. Seeking opportunities to contribute to innovative technology projects and grow as a Software Developer.

Education

Master of Computer Applications (MCA) 2025 – 2027
Pondicherry University

Skills

Programming Languages: Python, C++, SQL, JavaScript

Web technologies: HTML, CSS, Bootstrap, Flask, FastAPI, Django

Databases: MySQL, MongoDB, SQLite

Tools & Technologies: Git, GitHub, REST APIs, VS Code, Cisco Packet Tracer, Microsoft Excel

Core Subjects: DSA, DBMS, Operating Systems, Computer Networks

Libraries: Pandas, NumPy, Matplotlib

Projects

Dynamic QR Attendance System – Python, Flask, MySQL, HTML, CSS, JavaScript

- Developed a secure Dynamic QR Code Attendance System that generates time-sensitive QR codes to prevent proxy attendance and ensure authentic classroom presence.
- Designed a role-based attendance management system enabling faculty to generate QR codes, monitor attendance records, and generate reports through an intuitive dashboard.
- Integrated MySQL database for efficient storage, retrieval, and management of attendance records, improving accuracy while minimizing manual effort.

Voice Calculator– Python, SpeechRecognition, PyAudio, Tkinter

- Developed a voice-controlled calculator capable of recognizing spoken mathematical expressions and performing real-time arithmetic operations.
- Implemented speech recognition and natural voice input processing to provide a hands-free and accessible user experience.
- Designed an interactive graphical interface with robust error handling to improve usability and command recognition.

Certifications

- NPTEL Certification — Joy of Computing Using Python
- NPTEL Certification — Internet of Things(IoT)
- Udemy - 100 Days of Code: The Complete Python Pro Bootcamp

Achievement

– Selected for the Innovation Ambassador Training Program, Ministry of Education's Innovation Cell (MIC), through Pondicherry University.
